To

The Chief Secretary to the
Government of Mysore

Sir,

I have the honor to forward herewith for submission to Government for orders correspondence with the Honorary Secretary South Mysore Planters Association regarding the construction of a ward or bungalow in connection with the Hospital at Chickmagalur for the sole use of Planters with a recommendation that Government will be pleased to sanction it

2. If the building is outside the hospital compound the Medical Department cannot be expected to take charge of it and probably the planters will themselves arrange to have it worked after, but if it be located within the hospital Enclosure the hospital authorities can look after it but to admit of this the hospital compound

No. 9: 2389-92.

According sanction to the construction of a ward in the Compound of the Government Hospital at Chik-magalur for the exclusive use of European Planters on certain conditions.

Office of the Senior Surgeon
Mysore Govt. &c
Bangalore dated 30th May 1892

No 2149

To
H. Durham Esqre
Secretary P.W.D. & Buildings
Estate, Chickmagalur

Dear Sir

I beg to acknowledge receipt of your letter of the 11th instant with enclosures intimating that a sum of over Rs 2000/ has been collected for the Sanderson memorial and inquiring if Government would be agreeable to attach a ward to the Civil Hospl Chickmagalur for the sole use of European planters resident in Mysore and with reference thereto I shall be much obliged if you will inform me if the cost of construction of the said ward is to be met from the sum of Rs 2000/ above referred to, and if any provision is proposed to be made to provide a nurse and menial servant in connection with the ward at the expense of the Planters or is proposed to merely build the ward and let Government do the rest

2. To provide for the permanent establishment of a nurse and menial servant will require more money than I understand

available and their services would be only required occasionally, and as there is a midwife who is also a certificated nurse stationed at Chitaldroog whose services would as a rule be available I doubt if it would be necessary to provide a special one as if it so happened that her services were not available on any occasion of serious illness a nurse might be had from Bangalore.

3. I myself am in favour of proposition N°3 that a bungalow be built separate from, but fairly near the hospital say in the club compound and that it should be reserved exclusively for sick planters otherwise sick persons may be put to inconvenience, if on arrival they find the bungalow occupied by others and those who are not sick have the first claim to resort to.

Yours faithfully
H. J. Melgaum

No. 11442-45.
G. 2389-92.

According sanction on certain condition to the construction of a Ward or Bungalow within the Hospital compound at Chikmagalur out of the Sanderson Memorial fund for the sole use of European Planters.

Mysore Govt. C. Press, Bangalore—20-1-93.—120.

Proceedings of the Government of His Highness the Maharaja of Mysore, (General).—dated 9th January 1893.

READ :—

Letter No. 3070, dated 15th September 1892, from the Senior Surgeon and Sanitary Commissioner with the Government of Mysore, submitting for orders correspondence with the Honorary Secretary to the South Mysore Planters' Association, regarding the construction of a Ward or Bungalow in connection with the Hospital at Chikmagalur for the sole use of European Planters resident in Mysore, for which as a Memorial of the late Mr. R. C. Sanderson a subscription of over Rs. 2,000, has been promised by local planters, and stating that the building will have to be erected in the Hospital compound, if the Hospital authorities are to look after it, in which case the Hospital compound will have to be enlarged.

No. 11442-45—G. 2389-92, DATED BANGALORE, 9TH JANUARY 1893.

ORDER THEREON.—The Government of His Highness the Maharaja will be glad to accord their sanction to the proposal for constructing a ward in the compound of the Government Hospital at Chikmagalur for the exclusive use of European Planters residing in Mysore, and to be called the R. C. Sanderson ward or by any similar name which may be suggested.

2. The ward may be constructed within the compound of the Hospital on the understanding that it will be entirely under the management of the Medical Department of the Mysore Government.

3. If for this purpose it is necessary to extend the compound of the Hospital, land may be acquired and added on to it; and as a grant-in-aid of the undertaking, the Government will be prepared to bear the cost of such acquisition. For this purpose, the Senior Surgeon will place himself in communication with the Deputy Commissioner who will take necessary steps and report for sanction of Government before taking final action.

4. The Chief Engineer will be requested to cause the necessary plans and estimates to be prepared in consultation with the Secretary to the Planters' Association and submit the same for the final orders of Government.

5. The promised subscription may be collected by the Deputy Commissioner and deposited in the District Treasury.

To. The Senior Surgeon & S.C.
in Mysore.

Dated 3rd April 1893.94. General No: 1371.

Sir,

With reference to your docket No: 2722 of 29th Ultimo, I have the honor to inform you that last January the Dewan personally informed me that the Government would subscribe the same amount as that may be subscribed by the planters, and who have now collected Rs 1679 out of a promise of Rs 2284. I am now asking the Ex. Engineer to prepare estimate and plan for the building; and on your approving of the same I will lay the matter before the planters and ask them if they are willing to subscribe the extra amount, if necessary.

A suitable site has been selected for the building, & adjoining the civil Hospital Compound.

Sir. Med 19-92-11

With reference to your No: 1788 dated 12th instant, I have the honor to state that I would recommend the building to be divided into three rooms 18'8" x 8 each with the bath rooms for the end rooms at the Corners shewn marked with blue pencil and the Centre room to have a bit of open verandah at the back viz that now made into a bath room and a bath room and Baby room at either side of this open verandah as marked with red pencil.

In this way there would be either three bed rooms or two bed rooms and one sitting or dining room according to requirements.

It must be borne in mind that three different parties may occupy the three rooms and that bed and bath room accommodation would

be

be necessary for each or different parties may occupy [illegible] the bed rooms and one or both may require a nurse to be in Constant attendance upon who would require accommodation

In either Case the Centre room should be such as would be Convertible into a good bed room or neat sitting room according to requirements

I would also recommend that a Couple of Cupboards with doors and locks and keys be put into the walls of each of the rooms or any other small Conveniences of that Kind which suggest themselves.

I have &c.

Deputy Commissioner's Office
Kadur District
Chikmagalur 18th April 1895.

From

The Deputy Commissioner
Kadur District

To.

The Chief Secretary to the
Government of Mysore

Sir,

In reply to your docket no 14439 G.J. 467-92 dated 8th March 1895, I have the honor to report as follows:-

2. The site selected for the European Ward is the corner of the Kadur Club compound and the road running between the club compound and Hospital compound. This site was arrived at after due deliberation of the several requirements for the Europeans and the Medical Department, and approved of by the Senior Surgeon when he last visited Chikmagalur.

3. The land has been acquired as follows:-

(1) The members of the Kadur Club at a general meeting held on

first November 1893 (an extract
of which proceedings is en-
closed for reference) agreed
to make over the required por-
tion of the compound to Govern-
ment free of cost.

(2) The Municipality in their
Board Proceedings dated
20th November 1894 (extract
of which is enclosed) resolv-
ed to close this road, as
it was very little used,
for the purpose of erecting
this European Ward.

4. A sketch of the site is enclosed,
also a sketch of the proposed build-
ing. Mr Runga Rao, has submit-
ted a report and two estimates —
which are also enclosed. Of these
two estimates, I would beg to rec-
ommend the most expensive one
amounting to Rs 7826/-, as it is,
in my opinion, in every way more
suitable than the other.

5. As regards the funds for this
building, I beg to enclose a letter

from Mr Durham, the Secretary
in which he states that he had
collected a sum of Rs 2000/- and
will collect another Rs 500/-. This
would leave a balance of Rs 532-6/-
To meet this, I would suggest
that Government be moved to
kindly grant this sum from Pro-
vincial Funds, as the District
Funds are unable to meet any
such demands.

I have the honor to be

Sir,

With reference to your Dro. 18717
No. G.F. 467/92
of 20th April 1895 with enclosures, hereunto returned, I have the honor to state that it would in my opinion be better to ask the Executive Engineer to make out a fresh plan and Estimate for a new building of a less pretentious and ornamental Character which would at less Cost give sufficient and possibly more suitable accommodation than the present one.

2. I think it would be sufficient to provide for four beds giving at least 120 superficial feet per bed but as much more as he can for the money at his disposal.

3. It would be well to have four rooms if possible so that each patient could have one

for

for himself or herself. Each 4[2] ward or room should have a bath room attached.

4. Provision for this could be made by having one long single building or, what would be better, two buildings, one containing two and the other three rooms.

5. There should be a good deep verandah in front and the rooms should Communicate with each other by means of doors in the partition walls so that a nurse or friend or relative could occupy the room adjoining that of the patient and so be within Call and easy reach.

6. To provide for ventelation clerestory windows could be inserted above the verandah in front and above the bath rooms at the rear.

The Secretary to the
Government of Mysore
Bangalore

Sir,

In Continuation of this Office No 596 dated 16th May 1895 to the Chief Secretary I have the honor to inform you that I had a Conversation on the subject of the Sanderson Memorial Hospital at Chickmanglur with Mr. Harris Secretary of one of the Associations and he informed me that the majority of the Planters would probably prefer to have three large wards 16'×16' each if possible in one building to two smaller ones in two buildings and that probably the money available would suffice for this if the building was a plain yet neat one devoid of unnecessary and expensive ornamentation

2.— I understood from Mr. Sparke that he agrees with the views expressed by Mr Harris.

3.— Under these circumstances, if Govt. approve, I would recommend that an order

May

I may crave to have a plan prepared for a single building containing three large wards with the necessary bath rooms &c

4.— I request that early orders may be issued in the matter as the planters are very anxious to have the construction of the building commenced as soon as possible.

I have the honor to be
Sir
Your most obedient servant

MYSORE P. W. DEPARTMENT

No. 5091 G.O.,Ex. E.P.-Mysore

CENTRAL OFFICE,

Bangalore, 26th September 1895.

From Colonel C. Bowen.
The Chief Engineer of Mysore,
Bangalore.

To The Secretary to the
Government of Mysore.
General department.

SIR,

With reference to your No. 24745 G.F. 467-92 dated 25th June 1895, to the address of the Deputy Commissioner Kadur District, regarding the construction of a European Ward at Chikmagalur out of the "Sanderson Memorial Fund" for the use of Coffee Planters, I have the honor to forward the accompanying rough project of Rupees 5000 for this work, received with that Officer's letter No. 386 dated 10th instant, copy of which is also enclosed.—

II.— The question of funds is the first thing to decide. It would appear from Government Proceedings No. 11442-45 G 2389-92 dated 9th January 1893, that so far only Rupees 2,000 have been promised by the Planters, but in para 4

3

7

of the Report on the estimate, their contribu=
=tion is put down at Rupees 3,500, and
the probable Government grant-in-aid
at an equal amount, total Rupees 5000,
on which amount the project is based.

III.— I have been unable to trace
from the correspondence, what the real
requirements are. If the proposed design
be accepted, there are one or two small
improvements I would suggest; but
I would myself prefer just one good building
consisting of two rooms, each 16'x13' or so,
and two bath rooms, with wide front and
back verandahs.—

IV.— I enclose also copy of Deputy Com=
=missioner's No. 570 dated 7th November 1894
regarding the site for this building.——

I have the honor to be,
Sir
Your most Obedient Servant.

C. Unwin Colonel.
Chief Engineer of Mysore.——

Bangalore
26th September
1895.

1 Copy of Dy Comrs No. 5709 7-11-94.

Report to accompany the Estimate of the probable cost of constructing European Wards in Chikmagalur on a revised plan.

(21a)

References

Government Proceedings No 1142-4 / G.2389-92 of 9th January/1892, according sanction to the construction of a Ward within the Hospital Compound at Chikmagalur, out of the Sanderson Memorial Fund for the sole use of European Planters.

2. Correspondence ending with the Chief Engineer's No 5,547 of 13th November/1894, ordering the preparation of the project:

3. Correspondence ending with the General Secretary's No 24745 / G.F.467 - 92 of 25th June/1895, to the address of the Deputy Commissioner Kadur District, calling for the submission, through the Chief Engineer, a fresh plan and Estimate.

Report

Pursuant to instructions from the Chief Engineer as conveyed in his s/c 273 of 27th January 1893, a plan and alternative estimates were prepared and transmitted to the Deputy Commissioner. The report accompanying that Project deals with the several aspects of the question that had presented themselves till then.

2. The further development of the case, is recorded in the correspondence (last on the list of references) between the Deputy Commissioner, the General Secretary and the Senior Surgeon. Copies of these papers are attached for the information of the Chief Engineer. The substance of the correspondence is briefly noted below:—

3. The project was passed on by the Deputy Commissioner to the General Secretary and by him to the Senior Surgeon, who sent it back to this Office through the same channel with a call

for

for a fresh plan and estimate. The cost of the design as submitted seems to have led to its rejection by the Senior Surgeon.

4. The main features of the financial part of the original project are as follows:—

	Rs.
Amount of Estimate for a pucka Ward	7,826
do — do — for a semi pucka Ward ..	6,387
Planters' Contribution.	2,500
Probable Government Grant in aid ..	2,500

Balance required:—

For a pucka Ward	2,826
For a semi pucka ward	1,387

5. The Deputy Commissioner recommended the Construction of the pucka ward; but reported that as the District Funds could not bear any portion of the cost, the whole of the balance required, would have to be met from State Funds. The General Secretary, in referring the matter to the Senior Surgeon, enquired what suggestions he would make to meet the balance that would still be required, even if Government undertook to contribute as much as the Planters did. The Senior Surgeon could only suggest the cutting

of

of the coat according to the cloth that could be had. Hence his requisition for a plan of a less pretentious but more roomy structure, so as not to cost more than the sum available.

6. The accompanying plan is so designed to meet the requirements as formulated by the Senior Surgeon in his No 596 of 16th May 1895, as far as the same was possible with a due regard to construction demands and symmetrical disposition of the blocks. The plan is in pencil and the estimate is for plinth area at the average rate of 2 Rupees per square foot. Till the plan is passed and decided upon, and for a decision, the estimate accompanying is sufficiently approximate, there is little need for completing the project in detail.

7. Accommodation is provided in the plan accompanying for five beds, 4 in the side blocks and 1 in the centre block. The last may be generally used by the nurse or other attendants, and in an emergency it may be converted into a ward. The bath rooms are small. So is also the money limit.

2/

5-6

GOVERNMENT OF MYSORE

8 – The proposal to have 2 Wards, one with 2 beds and the other with 3, had to be slightly modified in the interests of symmetry. In course of time as funds permit, the proposed arrange= =ment of the blocks admits of the con= =struction of covered passage from the centre to the side blocks.

No. 3333

Dated 15th June 1895

To,

The Dy Commissioner
Kadur District.

Sir,

With reference to your letter No. 1788 dated 12th instant, I have the honor to state that I would recommend the building to be divided into three rooms — 18' 8" x 8 each with the bath rooms for the end rooms at the Corners where marked with blue pencil and the centre room to have a bit of open Verandah at the back, viz, that now made into a bath — room and a bath room and Matty's room at either side of this open Verandah as marked with red pencil.

In this way there would be either three bed rooms or two bed rooms and one sitting or dining room according to requirements. It must be borne in mind that three different parties may occupy the three rooms and that bed and bath room accommodation would be necessary for each or different parties may occupy the bed rooms and one or

both may require a nurse to be in Con-
stant attendance who would require ac-
commodation -

In either case the centre room
should be such as would be convertible
into a good bed room or nice sitting room
according to requirements.

I would also recommend that a couple
of cupboards with doors and locks and
Keys be put into the walls of each of the
rooms and any other small Conveniences
of that kind which suggest themselves.

I have, &c -

The Chief Engineer of Mysore.

Sir,

I am directed to docket No. 2474 6/G.S. 467-92 dated 25th June 1895, from the General Secretary to the Government of Mysore, requesting to have an Estimate prepared for a New Building (European Ward at Chickmagalur) with the conveniences suggested by the Senior Surgeon, and submit the same to the General Secretary through the Chief Engineer in Mysore, I have the honor to enclose here-in a rough Plan and an approximate Estimate for a New European Ward, for his information and transmission to the General Secretary to the Government of Mysore. I am afraid that this plan, now enclosed, hardly meets the views of the Senior Surgeon who, in his letter dated 16th May 1895 to the Chief Secretary, Mysore Government, suggests a building of five Wards or rooms and not merely two.

2. At the same time, I would beg to bring to your notice that the Senior Surgeon in his letter No. 3333 of 15th June 1894, to me on the subject, copy

of

of which is enclosed for ready reference
suggests that a plan be drawn up
for three rooms and which may be
accordingly done

3. I may mention, that in the course
of consideration a few days back with
the Senior Surgeon, I mentioned the
fact to him and also pointed out that
I have never known more than two
European Planters ill, in Chickmagalur
at one and the same time, and in
reply the Senior Surgeon stated his
willingness to modify his views.

I have the honor &c.

Sd. S. V. V. Sparkes.

Deputy Commissioner.

No. 570. Deputy Commissioner's Office
Kadur District.
Dated Chickmagalur 7th November 1894.

From. The Deputy Commissioner
Kadur District.

To. The Chief Engineer of Mysore.

Sir,

With reference to your docket
No. 5334 dated 31st October, referring
to Kadur Executive Engineer's docket
No. 78 dated 23rd March 1893, regarding

the

the site for the construction of a European Ward at Chickmagalur, I have the honor to state that a suitable site has been selected on which the proposed building can be faced on to the Hospital Compound. This will require extension and which has been provided for, and approved of, by the Planters who agree to give up part of the Club Compound for the purpose.

I have the honor &c.

Taf. N. Ramaswamiengar.
for Deputy Commissioner.
Kadur District.

To

The General Secretary to the
Government of Mysore.

Sir

With reference to Government order No: 35-82 Dt 12-9-95 forwarding a copy of the Senior Surgeons' letter to Mysore, and requesting me to have a fresh plan drawn up and submitted, I now have the honor to forward a fresh plan & a report drawn up by the Executive Engineer on the same scale but plainer frontage and estimated by him to cost about Rs: 5000/- instead of the former estimate of Rs: 7826/-

Mis. 7. 467-92

2. It will be observed that the present plan contains no bow windows and which I understood from the Senior Surgeon to be a sine qua non, however should the present plan be approved of by Government and the Senior Surgeon I will request

request the executive Engineer to
prepare and submit detailed es-
timates. An early reply is requested.

I have the honor to be
Sir
Your most obedient Servant.

Report to accompany the approximate Estimate of the probable cost of constructing a European planters' ward at Chikmagalur.

References

Government Proceedings No 1142-4 G. 2389-92 of 9th January 1892, according sanction to the construction of a Ward within the Hospital Compound at Chikmagalur, out of the Anderson Memorial Fund for the sole use of European Planters -

2 Correspondence ending with Chief Engineer's No 5547 of 13th November 1894, ordering the preparation of the project.

3. Correspondence ending with the General Secretary's No 24745 G.7.467-92 of 25th June 1895 to the address of the Deputy Commissioner, Kadur district, calling for the submission through the Chief Engineer a fresh plan and Estimate.

4. General Secretary's No 3582 Mis 7467-92 of 12th September 1895 to the address of the Deputy Commissioner Kadur district giving cover to Senior Surgeon's letter No 743 of 5th Idem, submitting fresh proposals regarding the design for the building -

Report

The accompanying plan is the fourth of the series, and is based on the requirements as now formulated by the Senior Surgeon in the last of the references quoted above - The Estimated cost of the building, namely, 5000 Rupees is based on the plinth area and the rate corresponding to similar class of buildings constructed in the Station - For purposes of a decision, the Estimate is sufficiently accurate - On receipt of orders conveying approval of the plan Estimates

Estimates in detail will be got up and
submitted - b4
